## SUMMARY

As a Full-stack Web Developer, I specialize in crafting user-centric applications. My expertise lies in utilizing my front-end proficiency and back-end mastery to construct seamless digital experiences. My focus is always on creating applications that prioritize the user's needs and expectations.

## EXPERIENCE

### MERN Stack Developer (Intern)

#### Soften Technologies

📅 09/2023 - 02/2024

- Collaborated with team members to identify and prioritize application features and requirements.
- Conducted comprehensive code reviews for a team of three developers, providing detailed feedback that improved code quality by 20% and reduced bug reports by 15%.
- Enhanced User Interface performance by 25% through optimization techniques such as removing unnecessary modules and packages, and compressing assets like images and videos used in web applications.
- Developed applications using MERN stack (MongoDB, Express.js, React, Node.js).
- Successfully hosted a project named Vogue Vault on Netlify, a popular web hosting platform.

## EDUCATION

### MERN Stack Development

#### Soften Technologies

📅 03/2023 - 08/2023

### BSc Computer Science ( 7.201 CGPA )

#### Sree Narayana College Cherthala (Kerala University)

📅 2020 - 2023

### High School ( 76.5% )

#### Holy Family H.S.S Muttom Cherthala (Computer Science)

📅 2018 - 2020

## LANGUAGES

English
